Main Highlights of the Evening:

Over half of the stalls this year are NEW to the Knox Markets, lots of fantastic surprises in store with some wonderful fresh and fantastic stalls.

Dinner - Make a night of it, you can even have dinner there this year – woodfired pizza's, Dutch pancakes, coffee van as well as an icecream van for the kids!

Kids Activity - We will also have the lady from Sandtastic there to help entertain the children while you shop!

Simon Johnson Cheese tutorials will also be held during the night. So come along and taste these amazing products and learn a little at the same time. There will also be an opportunity to purchase what you taste!

This year we will also have a **wine tasting** stand where you can taste a range of different wines, and even order them for delivery in time for Christmas!

Gold coin donation to enter, and one massive hamper to be won on the night which is valued at around \$2000 – this includes around 50 items in it which all of our wonderful stall holders have generously donated!
