I go to school five days now. I like my class.

Kindergarten boys say:

• Making new friends... that’s a very good thing.
• I like telling news... everyone has to listen to me.
• The uniform is sooo cool.
• We make stuff and read with our big buddies.
• Using the computers is best.
• Our teacher shows us things that we don’t know how to do.
• Playing outside with lots of different people and climbing up the wobbly bits on the playground equipment is fun.

Before School Care, with two staff members to look after your boy, adds that extra bit of flexibility and reassurance for parents. It operates from 7.00am until 8.15am, when school activities begin.

After School Care, with two staff and two assistants, is a wonderful experience for the boys, and operates from 2.45pm, when the “littlies” finish, right through to 6.00pm.
Interactive technology
The world technology has created is a wonderful benefit to learning. With interactive technology in every classroom and teachers to guide the journey... what world will your son create?

Create
Creative opportunities abound in Visual Arts, Drama and Music. Boys in Year 1 are part of our Strings Program and all the K-2 boys are in our K-2 Choir.

Indoor and outdoor learning
Children need to explore, provoke and learn from active engagement with the world around them. Indoor and outdoor learning experiences feed your boy’s curiosity and enable him to grow... Excursions include working with Year 12 on the Knox farm and working in our own Prep vegetable garden.

You can do it!
Knox’s strong buddy system and YOU CAN DO IT! program help your son develop positive relationships with peers and adults. The benefits are there for all to see:
- Confidence
- Persistence
- Organisation
- Getting along with others
- Resilience

Confident boys with positive self esteem

Differentiation
Differentiation allows us to cater for a range of learning styles and needs. Your son will benefit from programs such as MAGIC MATHS and MULTILIT, as well as open ended lessons which allow for different levels of learning.

Come and visit our K-2 Centre and see
- Children happy to come to school and eager to learn.
- A stimulating environment in which boys are constantly involved in learning experiences inside and outside the classroom.
- A solid foundation in literacy and numeracy being formed in partnership with dedicated teachers.
- Boys being encouraged to think creatively and critically to solve problems.
- Children developing positive social interaction skills, being encouraged to treat others with respect and courtesy.

The K-2 Centre provides an exciting learning environment, fully resourced, flexible teaching spaces, lots of space and light so children can see what is going on...

It is probably hard for you to imagine your child starting school ...

“In the Knox Kindergarten-2 Centre, staff, students and parents are a team, working together to assist boys to achieve their best and to develop confident students with positive self esteem.

At Knox...

... your boy is an active participant in his learning and his growth as a person,

... we initiate and maintain a collaborative understanding of your son to ensure greater security and well being,

... staff work together to prepare and provide the educational and personal experiences so valuable to your boy’s development.

The benefits of this collaborative, active and engaging approach will follow your son through his whole journey at Knox, and beyond.”

Robyn Topp
K-2 Coordinator

Before and After School Care

We know how busy life is and we know just how important your boy is, so before and after school care is a vital part of the Knox experience.

Prep Cottage, with its enclosed educational playground and specially designed rooms, adds to the security, fun and learning your boy will experience.

Before School Care, with two fully qualified staff members to look after your boy, adds that extra bit of flexibility and reassurance for parents. It operates from 7.00am until 8.15am, when school activities begin.

After School Care, with two staff and two assistants, is a wonderful experience for the boys, and operates from 2.45pm, when the “littlies” finish, right through to 6.00pm.
